Sick Leave Pool

The State Auditor’s Office (SAO) established a program that allows employees to voluntarily transfer sick leave to a sick leave pool. Any employee may contribute sick leave to the pool, and contributions are strictly voluntary. Contributions must be in increments of eight hours, with the exception of employees who are retiring, who may contribute any unused balance. The sick leave pool is intended to assist employees and their immediate families in dealing with catastrophic illnesses or injuries that force them to exhaust all sick leave.

An employee may draw from the sick leave pool only with the approval of the state auditor. Supporting documentation from a medical practitioner must be submitted to Human Resources (HR). That documentation must contain sufficient information to allow for the evaluation of the employee’s eligibility for the sick leave pool. An employee may not receive sick leave in excess of one-third of the total time in the pool or 90 days, whichever is less.

Annual Leave

Employees begin to accrue annual leave from their first day of employment. However, annual leave may not be taken until an employee has been continuously employed with a state agency for six months.

Annual leave accrual rates are the same for both hourly and salaried employees. Part-time employees are also eligible for annual leave, but their accrual rate and maximum annual leave carryover amounts are proportionate to the number of hours they work. For example, half-time employees earn and carry over annual leave at one-half the rate authorized for full-time employees.

An employee accrues annual leave and may carry annual leave forward from one fiscal year to the next in accordance with the schedule detailed in Table 1.

All annual leave hours in excess of the maximum allowable carryover remaining at the end of a fiscal year shall be credited to the employee’s sick leave balance. In computing annual leave taken by an employee, absences due to holidays are not charged.

**Annual Leave and Employee Separations**

Employees who transfer directly from one state agency to another will have their annual leave balances transferred. If an employee separates from employment and is re-employed within 30 calendar days by a state agency to a position that accrues annual leave, his or her annual leave balance will transfer to the new agency.

State agency employees are entitled to be paid for the accrued balance of their annual leave as of the date of separation, if they are not re-employed by the State in a position that accrues annual leave during the 30-day period immediately following the date of separation from state employment.

**Sick Leave**

State Auditor’s Office (SAO) employees shall earn sick leave subject to the following provisions:

- An employee accrues sick leave at a rate of eight hours per month (or proportionately for part-time employees).
- An employee accrues sick leave beginning on the first day of state employment and ending on the last duty day of state employment. Duty day means an employee’s last physical day on the job.
- An employee who is on leave the first day of the month may not use that month’s accrual until he or she returns to duty.
• An employee may use sick leave while he or she is on annual leave.

Sick leave may be used when an employee is prevented from performing his or her job due to sickness, injury, pregnancy, or confinement. It also may be used to care for an immediate family member who is ill. An employee who is the legal guardian of a child by court appointment may use sick leave to care for the child. Sick leave also may be used for the adoption of a child under the age of three.

Sick Leave and Employee Separations

Employees who separate from state employment under a formal reduction in force are entitled to have their sick leave balances restored if they are re-employed by the State within 12 months.

Employees are not paid for unused sick leave upon termination. Sick leave may be:

• Contributed toward retirement credit if the employee retires based on service or a disability. (Note: Effective September 1, 2009, unused leave may not be used as service credit to meet retirement eligibility for employees who first start working for the State on or after September 1, 2009, and for former state employees who never contributed to the system, or withdrew all of their money from their ERS retirement account, then come back to work for the State on or after September 1, 2009.) Refer to ERS for more information.
• Donated to the sick leave pool. For a review of this policy, see Sick Leave Pool.

Educational Activities

An employee may use up to eight hours of sick leave each fiscal year to attend educational activities of the employee’s children who are in pre-kindergarten through 12th grade. Educational activities include school-sponsored activities such as parent-teacher conferences; tutoring; volunteer programs; field trips; classroom programs; school committee meetings; academic competitions; and athletic, music, or theater programs. The employee must give reasonable notice of his or her intention to use this leave. Part-time employees receive this leave on a proportionate basis.

Donation of Sick Leave

The State Auditor’s Office (SAO) allows an employee to voluntarily transfer any amount of his or her accrued sick leave to another SAO employee who has exhausted his or her sick leave, including any time the individual may be eligible to withdraw from a sick leave pool.

Donation of sick leave is taxable to the recipient when the sick leave is used.
Unlike accrued sick leave, donated sick leave is not eligible for transfer to another state agency or for payment to an estate upon death of the recipient.

An employee may not provide or receive remuneration or a gift in exchange for a sick leave donation.

An employee who receives donated sick leave may not:

(1) use sick leave donated to the employee except as provided by Texas Government Code, Sections 661.202(d) and (e)(in case of the employee’s own sickness or to care for an immediate family member who is sick); or

(2) notwithstanding any other law, receive service credit in the Employees Retirement System of Texas for any sick leave donated to the employee under this section that is unused on the last day of that employee's employment.

Reference: Texas Government Code, Section 661.207.

Emergency Leave

Emergency leave, without a deduction in salary, is available to an employee for a death in the employee's family upon request. In this instance only, an employee’s family is defined as the employee’s spouse, as well as the employee’s and spouse’s parents, children, brothers, sisters, grandparents, and grandchildren.

The state auditor, or a designee, may grant emergency leave for other reasons determined to be for good cause upon request of an employee. “Good cause” may include catastrophic events and natural disasters such as wildfires, flood, and tornados.

The state auditor, or a designee, may not grant emergency leave to an employee unless they believe in good faith that the employee being granted the emergency leave intends to return to the employee's position with the SAO on expiration of the period of emergency leave.

National Guard Emergency

A state employee called to state active duty as a member of the state military forces by the governor because of an emergency is entitled to receive emergency leave without loss of military or vacation leave. This leave will be provided without a deduction in salary. This time is not limited and does not count against the 15 days maximum military leave per fiscal year.

Military Leave During National Emergency

Employees called to active duty during a national emergency to serve in a reserve component of the U.S. Armed Forces under Titles 10 or 32 of the United States Code are entitled to state service for longevity pay purposes, vacation leave accruals, and sick leave accruals while on an unpaid leave of absence.

This leave will be accrued but not posted until the employee returns to state employment. In addition, the employee retains his or her leave balances unless the employee chooses to use any accrued vacation leave, compensatory time, or overtime leave to maintain benefits for the employee or the employee’s dependents while on military duty.

Additionally, the employee may continue to accrue service credit with the Employees Retirement System by receiving at least one hour of state pay during each month of active military service. The employee may use any combination of paid leave to qualify for state pay.

Volunteer Firefighters and Emergency Medical Services Volunteers

Volunteer firefighters and emergency medical services volunteers are entitled to paid leave not to exceed five working days each fiscal year for attending training services conducted by a state agency or higher education institution. In addition, the State Auditor’s Office (SAO) may grant paid leave to a volunteer firefighter or an emergency medical services volunteer for the purpose of responding to emergency fire or medical situations.

Red Cross Disaster Service Volunteer

Employees who are certified disaster service volunteers of the American Red Cross or are in training to become such a volunteer may be granted a paid leave of absence not to exceed 10 days each fiscal year. The employee must have the approval of his or her supervisor and a formal request from the Red Cross. In addition, the approval of the governor's office is required. An employee on such leave will not lose
pay, vacation time, sick leave, earned overtime, and/or compensatory time during this leave. The pool of certified disaster volunteers must not exceed 350 participants at any one time.

**Leave Without Pay**

The State Auditor’s Office (SAO) may grant leave without pay (LWOP) to eligible employees.

Compensatory time, annual leave, and sick leave, if appropriate, must be exhausted prior to requesting LWOP except in instances of disciplinary suspension, leave covered by workers’ compensation benefits, or active military duty situations.

**Assistance Dog Training for Employees with a Disability**

An employee with a disability as defined by Texas Human Resources Code, Section 121.002, shall be granted a paid leave up to 10 working days in a fiscal year for the purpose of attending a training program to acquaint the employee with an assistance dog to be utilized by the employee. This leave is in addition to other leave entitlements.

**Administrative Leave for Outstanding Performance**

The State Auditor’s Office (SAO) recognizes employees whose performance exceeds the expectations or requirements for their current job duties. An employee may be granted administrative leave with pay for demonstrating outstanding performance. The total amount of leave granted may not exceed 32 hours during a fiscal year.

To be eligible, an employee recommended for administrative leave for outstanding performance (ALOP) shall:

- Have consistently exceeded performance standards as documented in the employee’s most recent annual evaluation.

- Not have received a disciplinary action in the 12 months immediately preceding the recommendation for performance leave.

Employees who have not yet received an annual performance evaluation may be granted ALOP for completing significant training performance milestones.

Family and Medical Leave

Family and Medical Leave Eligibility

The SAO may grant an eligible employee up to 12 weeks of job-protected leave during a 12 month period. To be eligible for family and medical leave, an individual must have been employed by the State of Texas for at least 12 months and must have actually worked at least 1,250 hours during the 12-month period immediately preceding the commencement of family and medical leave.

Leave Requirements

The SAO may grant eligible employees up to a total of 12 weeks of job-protected leave during a 12-month period for one or more of the following reasons:

- The birth and subsequent care of a newborn child.
- The placement of a child with the employee for adoption or foster care or through a guardianship proceeding.
- The need to care for the employee’s spouse, child, or parent with a serious health condition.
- A serious health condition that renders the employee unable to work.
- A qualifying exigency arising from the fact that the employee’s spouse, son, daughter, or parent is a covered military member on active duty (or has been notified of an impending call or order to active duty) in support of a contingency operation.

The SAO also may grant an eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty while on active duty up to 26 work weeks of leave in a single 12-month period. That military caregiver leave is available during a single 12-month period during which an eligible employee is entitled to a combined total of 26 weeks of all types of family and medical leave.

Parental Leave

Employees who do not qualify for family and medical leave because they have fewer than 12 months of total state service or because they have worked fewer than 1,250 hours in the 12-month period immediately preceding the commencement of leave are eligible to take a parental leave of absence, not to exceed 12 weeks, for the birth of a natural child or the adoption by or foster care placement of a child under 3 years of age.

Parental leave is limited to, and begins on the date of, the birth of the employee’s natural child or the adoption by or foster care placement with the employee of a child younger than three years of age.

An employee must first use all available and applicable paid vacation and sick leave while taking parental leave prior to going on leave without pay. The use of sick leave is strictly limited to those situations clearly falling within the definition of sick leave contained in the Texas Government Code.
