Overview

The State Auditor’s Office Annual Report highlights audit work and other activities our office performed during fiscal year 2018. As the independent auditor for Texas state government, our mission is to actively provide government leaders with useful information that improves accountability.

This report is designed to provide information on the activities our office performed during the year in carrying out our annual audit plan, pursuant to Texas Government Code, Chapter 321. It is organized by team within our office: Audit and Review, State Classification, Investigations and Audit Support, Professional Development, and Other Activities. Our audit work is performed in accordance with generally accepted government auditing standards and includes statutorily required and risk-based audits.

In addition, this report includes information regarding the national recognition the State Auditor’s Office received for our audit work released during the year.

Each report is hyperlinked to the full report on the State Auditor’s Office’s Web site: https://www.sao.texas.gov.

For more information regarding this report, please contact Verma Elliott, Assistant State Auditor, or Lisa Collier, First Assistant State Auditor, at (512) 936-9500.
I am pleased to announce that the State Auditor’s Office turned 75 years old in August 2018.

In 1929, the 41st Legislature created the State Auditor and Efficiency Expert in Texas state government. The Governor appointed that individual. In 1943, the 48th Legislature amended the enabling legislation to provide for the appointment of the State Auditor by the legislative branch.

For the past 75 years, the State Auditor’s Office has worked diligently to increase accountability for the State. The State Auditor’s Office will continue to provide the Legislature, state agencies, institutions of higher education, and the public with independent and objective audit results.

Regards,

Lisa R. Collier, CPA, CFE, CIDA
First Assistant State Auditor

Issues identified present risks or effects that if not addressed could substantially affect the audited entity’s ability to effectively administer the program(s)/function(s) audited. Prompt action is essential to address the noted concern(s) and reduce risks to the audited entity.

Issues identified present risks or effects that if not addressed could critically affect the audited entity’s ability to effectively administer the program(s)/function(s) audited. Immediate action is required to address the noted concern(s) and reduce risks to the audited entity.
